

1. LEGAL & CORPORATE SETUP	GOVERNANCE
● Business Entity Filing: Formal registration with Texas Secretary of State (Morrison Cyber Defense LLC; S-Corp tax status) ● EIN (Employer Identification Number): Federal tax ID issued by IRS for business banking, tax filings, and vendor accounts ● Operating Agreement & Bylaws: Formalized 50/50 partnership governance, voting rights, equity allocation, and succession rules ● Dedicated Commercial Banking: Business checking and credit cards (Amegy Bank or Frost Bank Texas) with zero personal fund commingling ● State & Municipal Registrations: Texas sales tax permit, Harris County DBA/registrations, and local municipal business compliance ● DUNS Number & SAM.gov / CAGE Code: Federal contractor registrations established for defense, municipal, and public-sector advisory bids	
2. INSURANCE & RISK TRANSFER	PROTECTION
● Tech Errors & Omissions (E&O): Crucial \$1M–\$2M professional liability policy protecting against alleged advice or oversight claims ● Commercial Cyber Liability Insurance: Primary \$1M–\$2M coverage covering breach response costs, forensic investigations, and legal defense ● General Commercial Liability: Standard \$1M occurrence / \$2M aggregate commercial policy covering third-party property and bodily damage ● Commercial Crime / Fidelity Bond: Protection covering potential client funds transfer fraud, unauthorized wire draws, or dishonest acts ● Workers' Compensation / Occupational Coverage: Texas partner non-subscriber election or standard workers' compensation policy as required	
3. BRANDING & DIGITAL PRESENCE	MARKET IDENTITY
● Domain Infrastructure: morrisoncyber.org & morrisoncyberdefense.com secured via Cloudflare with full DNSSEC & TLS 1.3 ● Brand Identity & Executive Assets: Vector logo kit, formal client risk briefing slide decks, executive audit report templates, and letterhead ● Marketing Website & Client Portal: Lightweight, modern static web presence with client intake scheduling and secure assessment portal ● Hardened M365 Business Suite: Company tenant running M365 Business Premium with SPF, DKIM, and strict DMARC (p=reject) enforced ● Verified Professional Presence: Company profiles on LinkedIn, X/Twitter, and GitHub Organization with consistent security posture	
4. INTERNAL POLICIES & DOCUMENTATION (SOPS)	STANDARDS
● Incident Response Plan (IRP): Step-by-step triage runbooks, stakeholder notification trees, out-of-band comms, and legal escalation ● Vulnerability & Patch Management Policy: Mandatory SLAs for critical CVSS > 8.0 patching, routine weekly patch staging, and verification ● Access Control & Zero-Trust SOP: Hardware FIDO2 keys enforced on all admin portals, mandatory least-privilege, and 8-hour session timeouts ● Business Continuity & Disaster Recovery (BCDR): Daily encrypted cloud backups (Acronis/Veeam), tested 4-hour RTO/RPO targets, and offline cold storage ● Secure Configuration Baselines: Standardized implementation baselines built directly on CIS Benchmarks & CISA Cross-Sector CPGs	

5. CORE SECURITY & DEFENSE TECH STACK (SHERWEB + HUNTRESS)**TECHNICAL ENGINE**

- **Sherweb Partner CSP Portal:** Centralized distributor portal managing multi-tenant Microsoft 365 licensing, Huntress billing, and support
- **Huntress Managed EDR:** 24/7 endpoint & server process monitoring, behavioral threat hunting, and automated host isolation
- **Huntress Managed Defender:** Centralized policy orchestration, antivirus definition enforcement, and telemetry for Windows Defender
- **Huntress MDR for Microsoft 365:** Identity protection, impossible travel alerts, privilege escalation monitoring, and account takeover (ATO) defense
- **Huntress Security Awareness Training (SAT):** Automated client phishing simulation campaigns, training modules, and employee compliance reporting
- **CIPP.app & M365 Lighthouse:** Single-pane multi-tenant tenant baseline deployment, drift alerting, Conditional Access audits, and bulk remediations
- **CISA ScubaGear & PowerShell Audit Suite:** Automated, non-disruptive, read-only baseline harvesting comparing tenants directly against federal CPGs
- **Hardware Keys & Zero-Trust Bastion:** YubiKeys (FIDO2) on all admin accounts; Cloudflare Zero Trust / Tailscale overlay network for secure access

6. BUSINESS OPERATIONS & MANAGEMENT SOFTWARE**MANAGEMENT**

- **PSA / Ticketing Platform:** HaloPSA, Syncro, or SuperOps — unified ticket management, client asset tracking, SLA timers, and automated billing
- **IT Documentation & Secrets Vault:** Hudu for encrypted client infrastructure documentation paired with Bitwarden Teams / 1Password for credentials
- **Accounting & Financial Engine:** QuickBooks Online or Xero integrated directly with Sherweb CSP and PSA billing for automated invoice sync
- **Client Agreements & E-Signatures:** PandaDoc or DocuSign for rapid execution of engagement letters, statements of work, and consent authorizations
- **Encrypted Out-of-Band Communications:** Proton Mail and Signal for communications fully isolated from corporate Microsoft 365 tenants during incidents

7. CLIENT CONTRACTS & LEGAL DOCUMENTS**LEGAL ENFORCEABILITY**

- **Master Services Agreement (MSA):** Core legal framework governing relationship, payment terms, mutual warranties, and strict limitation of liability
- **Statement of Work (SOW):** Granular engagement scopes with explicit asset limits, milestones, deliverables, and out-of-scope exclusions
- **Managed Security SLA:** Defines business support hours (8am–5pm CT), response SLAs, Huntress 24/7 SOC escalation, and client duties
- **Testing Authorization & Rules of Engagement:** Express consent complying with CFAA & Texas Penal Code § 33.02; authorizes diagnostic read-only audits
- **Incident Response Scope Limitation Clause:** Explicitly delineates 24/7 Huntress nocturnal SOC role vs. Morrison daytime advisory to prevent liability creep
- **Mutual Non-Disclosure Agreement (NDA):** Bilateral confidentiality agreement safeguarding proprietary client infrastructure data and Morrison audit IP
- **Data Processing Agreement (DPA / BAA):** HIPAA Business Associate Agreements and Texas privacy compliance for healthcare and sensitive commercial clients

8. KEY ROLES & PERSONNEL ALLOCATION**2-FOUNDER MODEL**

- **Partner 1 — Lead Security & Technical Delivery (Keenan Morrison):** WGU Cybersecurity / CompTIA Sec+/Net+/A+; leads tenant discovery, CIPP audits, Huntress alert triage, remediation validation, and patch management
- **Partner 2 — Principal Architect & Business Operations (Senior Partner):** 20+ yrs enterprise/cloud architecture; leads executive risk briefings, architecture sign-off, sales/pipeline, broker relations, and Sherweb reconciliation
- **Specialized Outside Cybersecurity Legal Counsel:** Retained outside technology attorney on retainer for annual contract updates, regulatory compliance reviews, and incident escalation

9. STARTUP CAPITALIZATION & ONE-TIME LAUNCH COSTS

ZERO DEBT LAUNCH

Expense Item	Vendor / Purpose	Est. Cost
Texas LLC Filing & Name Reservation	Texas Secretary of State (SOSDirect)	\$310.00
Outside Counsel Legal Template Review	Tech attorney review of MSA, SOW & RoE templates	\$750.00
Domains, DNSSEC & SSL Infrastructure	Cloudflare Registrar (morrisoncyber.org + defense)	\$60.00
Founder Admin Hardware Setup	Clean admin laptops, dedicated OS & BitLocker	\$600.00
Hardware Security Keys (FIDO2)	4x YubiKey 5 NFC (2 primary + 2 vaulted spares)	\$220.00
Initial Insurance Down Payment	Tech E&O + Cyber Liability installment (\$1M policy)	\$650.00
Marketing Collateral & Brand Kit	Executive slide decks, report templates & branding	\$250.00
Initial Operating Cash Reserve	Commercial checking reserve (Amegy/Frost Bank Texas)	\$5,000.00
TOTAL INITIAL CAPITALIZATION	Self-funded cash reserve (100% Debt-Free Launch)	\$7,840.00

10. MONTHLY RECURRING OPERATIONAL EXPENSES (OPEX BASELINE)

FIXED OVERHEAD

Subscription / Tool	Category & Purpose	Monthly Cost
CIPP.app Multi-Tenant Automation	Single-pane M365 multi-tenant baseline engine	\$99.00 / mo
PSA / Ticketing / Remote Management	HaloPSA or Syncro (1–2 technician baseline)	\$129.00 / mo
Internal Microsoft 365 Business Premium	2x Founder admin accounts (\$22/user/mo)	\$44.00 / mo
IT Documentation & Secrets Vault	Hudu IT docs + Bitwarden Teams password vault	\$48.00 / mo
Accounting & Automated Invoicing	QuickBooks Online Simple Start / Essentials	\$35.00 / mo
Secure Comms & Backup Infrastructure	Proton Mail + secure cloud backup storage	\$25.00 / mo
Tech E&O + Cyber Insurance Amortization	\$3,600 annual policy amortized monthly	\$300.00 / mo
TOTAL FIXED MONTHLY BASELINE	Break-even covered by <1 monthly retainer client	\$680.00 / mo

11. SERVICE PACKAGING, COGS & MARGIN ARCHITECTURE

UNIT ECONOMICS

Service Tier	Price Range	Direct COGS & Margins
Tier 1: Diagnostic Baseline Audit	\$2,500 – \$3,500 fixed	COGS: ~\$0 (FOSS ScubaGear/CIPP) • 98% Margin
Tier 2: M365 Defense Hardening Sprint	\$3,800 – \$5,500 fixed	COGS: ~\$75 direct tools/licensing • 95% Margin
Tier 3: Monthly Stewardship Retainer	\$1,750 – \$2,500 / mo	COGS: ~\$125/client (Huntress 25 seats) • 93% Margin
YEAR 1 FINANCIAL TARGET	\$130,000 Revenue \$11,500 COGS	\$103,800 EBITDA (80% Net Margin)

CORE OPERATIONAL & FINANCIAL GUARDRAILS

- 24/7 Huntress MDR Backstop: Nocturnal endpoints & M365 threats isolated via Huntress SOC — zero founder midnight burnout.
- Zero Net-30 Accounts Receivable: All retainers auto-billed on the 1st of each month via ACH; 50% deposit upfront on projects.
- 100% Audit Roll-In Credit: 100% of the Diagnostic Audit fee credits toward the Defense Sprint or Retainer (driving 80%+ closes).
- Strict Scope Box Discipline: Diagnostic read-only audits first; no unapproved pen-testing; zero claims of being 100% unhackable.
